VISION

Recognizing the need to prepare students to become productive members of a democratic society, we envision that the Middletown City School District will:

- Raise achievement levels of all students
- Eliminate achievement gaps
- Earn a rating of "Excellent" on the school district's state report card

Mission

The mission of the Middletown City Schools is to provide our culturally diverse students with highly-challenging and engaging school work, which assists them in gaining valued knowledge and skills. We will continue to operate the district in a fiscally responsible manner with a priority of student achievement.

VALUES

We will be results oriented and data driven.

We will collaborate with one another and our students so that we can achieve our collective goals more effectively.

We will communicate to students that they are important and valued.

We will communicate to students why the work they do is important.

We will communicate to students that we will not let them fail.

We will define and model lifelong learning for our students and ourselves.

We will identify essential learning outcomes, assess student understanding and provide opportunities for students to demonstrate mastery.

We will demonstrate our commitment to ongoing professional development and continuous improvement.

We will build effective relationships with students, parents and the community.

We will use all available resources to engage students in learning.

HIGHVIEW DETAILS

Highview 6th Grade Center serves children in the 6th grade. There are thirty-two classrooms, including a gym, and cafeteria.

- Full-time Fine Arts (Art, Music, & P.E.) teachers provide instruction to students. Each student receives 45 minutes each day in one of these three subject areas. Highview also has a librarian who provides training for students in literature, library use, research, and technology.
- Highview provides special education services to meet the needs of students in an inclusive environment. Teams of special education teachers and regular education teachers serve students with identified special needs. Outside counseling agencies provide counseling to students. A nurse provides medical attention to students who need it.
- An Intervention Assistance Team (IAT) works to support students who are having difficulties in the classroom. Students are referred to IAT by teachers and parents at which time the IAT convenes to learn more about the child and brainstorm strategies to help support their success in the classroom. Parental involvement is a very important piece throughout this process.
- Free breakfast program for all students
- The Highview PTO is very active, hosting monthly skating parties, fundraisers, financial support for field trips, programs, and classrooms, as well as a host of other supports during the year.
- Highview has a parent activity coordinator who plans four literacy activities a year involving parents and students.
